Research Publications on the
Transcendental Meditation and TM-Sidhi Program
Bibliography 1970–2021*

This bibliography lists 435 papers published in peer-reviewed journals or other independent edited scientific publications. Most of these papers report original studies or reviews of research; a small number provide important comment or clarification regarding specific studies, including responses to critiques. A few studies examine a comprehensive multimodal approach to health that includes Transcendental Meditation.

* Compiled by Dr Roger Chalmers, MRCP(UK) MRCGP DRCOG
